Profile Summary

Frontend Engineer with 3 years of experience building scalable, high-performance web applications using React, TypeScript, and Redux Toolkit. Proven track record in developing metadata-driven dynamic UIs, real-time dashboards, and custom data visualizations using D3.js and Recharts. Passionate about delivering clean, accessible, and user-centric interfaces in Agile product teams.

Professional Experience

Software Engineer - Frontend

Jun 2022 – Present

CheckRed India Pvt Ltd – Pune, Maharashtra

- Spearheaded a **metadata-driven UI framework** enabling dynamic form and layout rendering across modules.
- Built real-time dashboards using **Recharts** and **D3.js** for DNS and CSPM posture visualization.
- Refactored monolithic logic into modular **React components**, improving reusability by **40%**.
- Optimized API usage by integrating **debounce** and **throttle**, reducing load by **25%**.
- Enhanced performance by **35%** through **code splitting**, lazy loading, and dynamic routing.
- Led scalable state architecture using **Redux Toolkit**, hooks, and selectors.
- Contributed to Agile ceremonies, performed code reviews, and mentored junior developers.

Software Engineer - Intern

Mar 2022 – May 2022

CheckRed India Pvt Ltd – Pune, Maharashtra

- Assisted in developing internal dashboards using **React.js** and **MUI**.
- Implemented basic forms and layout components under engineering guidance.
- Practiced **API integration**, Git workflows, and Agile development practices.
- Offered full-time role after demonstrating consistent delivery of production-quality code.

Tech Stack: React.js, TypeScript, Redux Toolkit, Recharts, ReactFlow, D3.js, MUI, Git, REST APIs

Skills

- **Frontend:** React.js, TypeScript, JavaScript, Redux Toolkit, React Hook Form, MUI
- **Dev Tools & Practices:** Git, ESLint, Prettier, Responsive Design, Code Splitting
- **Data Visualization:** Recharts, D3.js, ReactFlow
- **Languages & DB:** HTML5, CSS3, Python, MySQL

Education

B.Tech in Computer Science Engineering

2018 – 2022

Rajiv Gandhi University of Knowledge Technologies, Nuzvid

Pre-University Course (PUC)

2016 – 2018

Rajiv Gandhi University of Knowledge Technologies, Nuzvid

Certifications

- Robotics Manager – Teckzite'21 (2021)
- Ethical Hacking & Cyber Security Workshop – 2019
- Machine Learning Workshop – 2019

Languages

English (Fluent), Telugu (Native), Hindi (Fluent)

Interests

Web3, Cyber Security, Data Visualization, Open Source Contributions
